

Web Médica Acreditada and MedCIRCLE: Implementation of HIDDEL

Web Médica Acreditada (WMA)

Colegio Oficial de Médicos de Barcelona
Dr. Miquel Angel Mayer

Medical Association of Barcelona and WMA

- What does it mean?
- What is its scope?

COMB: <http://www.comb.es>

WMA: <http://wma.comb.es>

WMA (<http://wma.comb.es>)

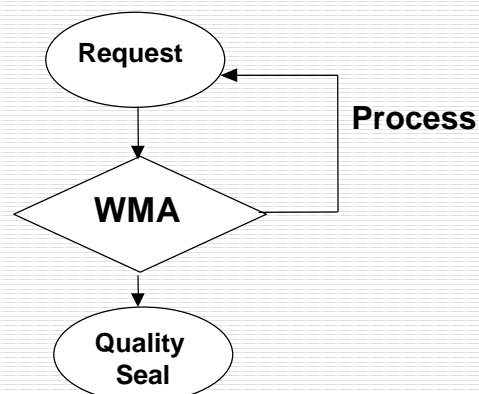

Some Data about WMA

- Launched in 1999
- Today more than 300 websites have requested our quality seal
- More than 180 are accredited
- 30% have another seal
- More than 15% are Latin American websites
- The process is free of charge

Web Médica Acreditada

- Application of standards
- Continuous assessment
 - Adapting to Internet changes
 - Adapting to consumer needs
 - Improving IT tools
- There is a consumer section (FAQ) offering basic tools to recognize reliable health information (http://wma.comb.es/eng/info_usuaris.htm)

Accreditation Process (1)

Accreditation Process (2)

```
<a href="#" onclick='javascript:window.open
("http://wma.comb.es/seal.php?INTWMA=250","wmaseal","channelmode=no,
height=370, width=570,left=250,top=150,resizable=yes");'>
</a>
```

Implementation of HIDDEL in WMA

- Advantages
- Some considerations:
 - We will assess the usefulness and practical application of all the elements of HIDDEL
 - We will see the cost of the process, training, staff
 - We will add new elements in HIDDEL (virtual consultation)
 - The need of continuous review

Conclusions

- It's a great opportunity to find some ways to extend the collaboration with different gateways
- We have to successfully create a "practical" adaptation of HIDDEL elements and understand better the different uses of the application of HIDDEL
- We will incorporate new elements in HIDDEL based on our needs and experience
